THE FIRST RENALL solid timber door was crafted in our purpose-built factory over 40 years ago. Since day one the company philosophy has remained the same: **use only the very best of renewable local and exotic timbers and employ accurate, flexible leading-edge woodworking technology to consistently construct a solid timber door that a master craftsman would be proud of.** With all essential elements milled from solid wood, to ensure **lifelong elegance and quality.**

We recognise that selecting a door design is a matter of personal choice, dependent on any number of factors. That's why, on the following pages you'll see some of our most popular designs ... but it doesn't stop there. **With a Renall door you are limited only by your imagination.**

Our unique door manufacturing method means **we are able to accommodate most variations in timber, size and design.** If you select an existing Renall profile, changes to your door configuration or dimension can be achieved with little more than a few keystrokes. Now, in New Zealand, you can create an interior or exterior door exactly to your design and dimension requirements, without a penalty for cost and time.

Woodworking craftsmanship, flexible production methods and leading-edge technology combine to ensure yours is a custom built, solid timber door made to stand the test of time.

Renall Doors proudly use reliable and sustainable timber sources.

DOOR EXTRAS

Rebating	\$30	door
Beading	\$30	lite
Double Glazing Rebate + Bead	\$60	lite
Split rail - French Door	\$110	door
19mm TG&V Sheathing vs 19mm Panel	\$110	door
Solid TG&V vs 19mm Panel	\$140	door
Panel vs Glass	\$90	panel
Door Bracing	\$110	per side
Cross Bracing	\$110	pair
Raked Head on Open Top	\$150	each
Raked Head on Panel	\$220	each
Stable Door	\$150	door
Porthole (Beaded)	\$400	each
Victorian Style Panel vs Standard 19mm Panel	\$150	panel
Increased Component 25mm - styles	\$60	pair
Increased Component 25mm - top, mid or bottom rails	\$35	each
<i>(Applies to both interior and sheltered exterior doors)</i>		

Standard size doors - 1980mm x 860mm. Side Lites 1980mm x 460mm. Prices cover up to these sizes.

Prices for non-standard door sizes - For any door over the standard size above, please use the following formulas as a guide for pricing:

Door over 1980mm in height - Standard price from brochure divided by 1980 then multiply by the height required indicates the retail price of the door.

Door over 860mm in width - Standard price from brochure divided by 860 then multiply by the width required indicates the retail price of the door.

If a door is both over-height and over-width, apply the height formula first, then use the price that is given as your list price and continue with the width formula.

GENERAL INFORMATION

- 5-YEAR Warranty
- Glass NOT included.
- Clear Radiata - Please notify it's required for a stain finish.
- Exterior Doors 2200mm in height are not suitable to be manufactured in Radiata. Therefore these doors will not have a warranty.

INTERIOR

- 38mm thick
- Paint Quality doors are manufactured from Radiata. No Finger-Joint used.
- Paint Quality doors are manufactured with 18mm solid raised & fielded panels or 9/12mm MDF Flat Panels.
- All interior doors supplied with beading.

SHELTERED EXTERIOR

- 42mm thick
- Paint Quality doors are manufactured from Tanalised Radiata.
- Only Stain Quality Sheltered Exterior doors are supplied with beading.
